

MarketLine Advantage is a multi-disciplinary online database that faculty and students use for a wide variety of content like **industry and company reports or case studies**.

The platform is unlocked and available for faculty and students to use at the Campus.

How to access:

- 1) When on campus, go directly to <http://advantage.marketline.com/home>
- 2) When off-campus, you first will need to set-up proxy:
<http://www2.lisboa.ucp.pt/vpn/bon.php>

After the set-up, your browser will be virtually on campus, so you can access the database through <http://advantage.marketline.com/home>
